## Student Payment Plan Options: 2010

Located on the Gold Coast Australia, Study Solutions Australia provides nationally recognised hospitality and child care qualifications. Study is divided into classroom and field placement training in local Smarter Kids Kindergartens' and Preschools and hospitality training restaurant. Combining these fields of studies with industry training means our overseas students experience the local Australian lifestyle combined with practical industry experience. Courses commence regularly with home stay and health insurance options also available.

Hospitality and Child care qualifications combined with real industry experience are critical when seeking employment in Australian where there are currently national skills shortages.
